OF: Report 2043

From: HL

With reference to our conversation with /N/I on Wednesday, 4 Aug 43, attached hereto is the report which I have made upon the U.S. Wireless Channel, together with two Appendices.

It is interesting to note that, since the completion of this report, a further telegram has been received by the Dutch Government from S TIE HLE D which considerably strengthens the conclusions which have already been drawn.

This latest telegram was the subject of a 3-hour discussion last night with Major LI PTINCK, but further study is necessary fully to explore the implications which it bears.

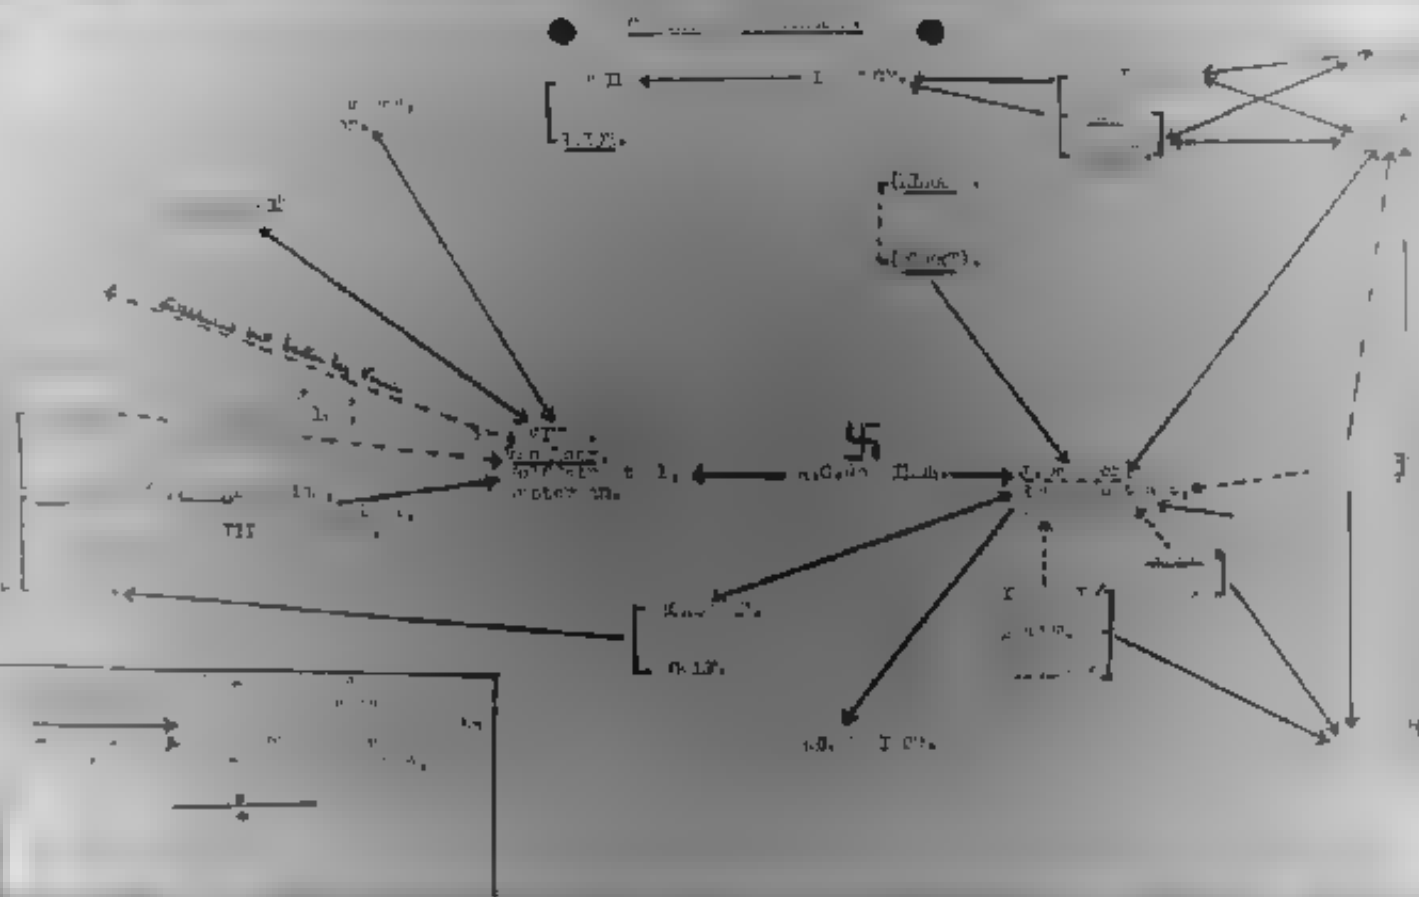

A subsidiary report will be issued upon this telegram in due course.

In the meantime, with your approval, copies of this first Report and Appendices will be issued to /CF and S/CH.SS.1, who were connected with the initial enquiry.

JUL 11 1943

11th July 1943

AL/11743

During this next week beginning with to-night it is possible that an agent who is trying to escape from HOLLAND may send a message giving details of the time at which he will depart by boat and his route. In that event, fighter command will provide fighter cover. This has been provisionally laid on and if the message comes during the night, it will be necessary for the I.D.O. to contact Cmdr. Lockhart at his private address (Phone FRIL rose 0731). The I.D.O. should make arrangements with the Watchman for W/Cmdr. Lockhart to be allowed access to the building and to come up to the Conference Room. The Fighty Duty car should be sent to get him. W/Cmdr. Lockhart will then lay on detailed arrangements immediately with fighter squadrons concerned over the Conference Room scrambler.

Table of sked times is appended.

most immediate. The following is for Jones or his substitute, up or number 25. Not personal. For the information of Colonel we outline. Not personal.

Lt. John, Bernard Bink, whose alias in England alias and code letters C22, and 1st para. parachutist in Holland during night of 30 November/1 December '42 and sergeant Peter Bourlain, alias Diogenbrook, code letters AGO, dropped during night of 9/10 March '43 arrived here. They are evidently persons mentioned in my telegram 8 & 17.

Both declare that they were awaited by reception committee on dropping point knowing their code-name: Louis and Paul, but appeared to consist of N.S.P.s and German storm-polizei, who immediately arrested them. During their interrogations it appeared that Germans fully au fait of entire organisation, also of code and all contact points with passwords, also overseas. Since a long time Germans maintain code-contact with England as if they are parachutist. They estimate at least 130 men already arrested in that way, so that entire organisation in hands of Germans.

During night of 29/30 August last they escaped from prison. They suspect Major Bingham of treason without daring to accuse him directly and ~~must~~ insist on great caution with this telegram. On 25th November I am able to send them to Spain along our ordinary route, but measures have to be taken in order to finish their stay in Spain as soon as possible, as their further information in my opinion very important. Do you agree herewith or is it the wish of British Service to give them another assignment. Please wire immediately whether they really are what they pretend to be.

Description former: height 1 meter 82, face long and narrow, fair hair, eyes blue-grey, nose rather big and wide, somewhat bent, scar on left knee. Of latter ~~being~~ height 1 meter 78, face long somewhat triangular, heavy chin, somewhat protruding lower-jaw, hair dark-fair, eyes grey-green, heavy eye-brows, nose long and narrow, top middle-finger left hand damaged, on right lower-arm tattooed anchor.

MOST SECRET

Dit is een militaire organisatie in België, die een deel heeft bij een invasie hulp te verleenen de met name ten van fabrieken, postkantoren, bruggen, bunkers, en andere, en de oprichters van België.

Hoofdkwartier is Kasteel Orenhout bij Brussel.

Chef is Charles Melotte (Lt.).

Akte en Bando kennen elkaar. Webb is huisvriend van Melotte.

Stouthamer had al een dergelijke organisatie in Z.Vl. en heeft zich bij Akte aangesloten, zodat deze afdelingen heeft direct over den grens, o.m. te België.

Aan het hoofd in België staat thans E.H.J. Gilbert de Belère.

#### Organisatie.

De bedoeling is groepen op te richten van 10 man met een aangeant aan het hoofd. Men heeft reeds een groep te Antwerpen en een te Westdorp. Het doel is dit door geheel Leuven Vlaanderen te verbreiden. De Akte-leden kennen elkaar niet. In het begin kenden zij alleen Stouthamer en thans alleen Gilbert de Belère. Alleen in geval van actie komen zij samen. S. heeft hen persoonlijk opgesocht en uitgekassen. Hun aantal zal intusschen door S. wel zijn uitgebreid.

#### Wapen.

De afdeling Z.Vl. beschikt over 1 Lewis mitr. en om. 4 revolvers. Deze zijn verborgen door de Belère.

S. werkte verder samen met Dr. van Looy, Stationsstraat te Antwerpen. Deze bezorgde arbeiders gedemonieerde sichten, zodat zij dan werden afgekeurd voor Duitsland. Zoo liet hij o.m. een opname met bloed drinken, hetgeen de zelfde verschijnselen als een maag-keer gaf. Zelfs de Duitse dokter van de keuring kon dit bedrog niet ontdekken. Gulffaut stuurt verder betrouwbare arbeiders naar Dr. van Looy, die hen ongeschikt maakt voor arbeid in Duitsland.
